

LEARNING FRIENDS

At Penhale Infant School we want children to be successful learners and develop a lifelong love of learning. We teach the skills they need to be successful learners and the language they need to express how they can become successful learners. We do this through Hartley Hounds Learning Friends. In the Early Years they have four learning friends that represent the learning skills of :

Resilience—Trying Tortoise

Learning together- Busy Bee

Asking questions - Curious Cat -

making connections—Spinning Spider

As the children mature in key stage one we introduce four other learning friends that represent the learning skills of:

Planning ahead- Mighty Meer cat

Being adaptable-Changing Chameleon

Being creative – Unique Unicorn

Storing knowledge- Storing squirrel.

These learning friends are represented by the nine squares inside our school logo.
